Magpie comes a calling drops a marble from the sky  
Tin roof sounds alarming wake up child  
Let this be a warning says the magpie to the morning  
Don't let this fading summer pass you by  
Don't let this fading summer pass you by  
Black and tells so high  
The vulture wheels and dives  
Something on the thermals  
You just change  
Smelled your boring apex  
Rotting on the train tracks  
He laughed under his breath because you thought that you could outrun sorrow  
Take your own advice  
Thunder and lightening gets you rain  
Runnin airtight mission a crystal expedition find me down under the bottom of the drain  
Dive into the bottom of the drain  
Hear your (?)  
In the middle of the night  
All of his songs are stolen so he hides  
Stole them out from the whippoorwill  
Screaming common lies  
He sings them for you special  
He knows you're afraid of the dark come on sorrow take your own advice  
Hide in the red  
Turn out the light stars this night in the sky are ringing our you can almost hear them singing  
Close your eyes now kid  
Close your eyes now kid  
Morning's too far lit  
They are waiting  
Waiting  
They are waiting
