

Nekromantix, Brain Error

He was born with an error in his brain
Some people call him mad some call him insane
A little devil lives inside his head
He can only be satisfied by the sight of blood and dead

He was born with an error in his brain

He was only 9 when he brought his first knife
And that the end of his brothers life
He killed his sister because she called him mad
2 years later he killed his mom and dad
