

Nekromantix, Dead Bodies

Disfigured and oblique
From the appetite that I seek
I'm a hungry cannibal
I'm a rabid animal
My remains are being scattered
I've been bludgeoned, I'm in pain
Stomach pains are coming
And they strike with demon speed

Dead bodies everywhere
Piles of blood, entrails and hair
I'm bleeding from the inside
From the armageddon outside

Reoccurring rotting dreams
From this place, the demons speak
My skin exfoliates
My patience terminates
Unfold to unholy urges
Unearthed with urgency
The holocaust was nothing
Compared to my lividity

Ah, dead bodies
In this oblong box that's eating you
There's nothing, there's nothing you can do

Dead bodies...
