

# Nekromantix, Horny In A Hearse

I needed something new & fresh to win my baby back  
so I bought a 1959 hearse cadillac  
mint condition, fully equipped long shiny and (pitch) black

she's aroused by the power of the V8  
I should have bought this car way back this is great  
seeing through the eyes of the dead  
while my baby gives me...  
you know...

Tic Tac Toe Tags,  
high heels 'n' latex body bags  
no more french maid or naughty nurse  
she wanna go for a ride all the time  
my ghoulfriend gets horny in a hearse

She's dressed to thrill, my babe's so hot when I pick her up  
she checks it out from front to rear bottom to top  
oh boy she keeps on going dang she just won't stop

bonfire at camp crystal lake  
the trip was long but she sure kept me awake  
seeing through the eyes of the dead  
while my baby girls me...  
you know..

We park by the cemetery thats our "lovers lane"  
that might seem bizarre to some, but not to this, Dane  
bring out the rubber gloves honey I'm ready once again

shallow graves and ghouls gone wild  
see me cruising down route 666 with style  
seeing through the eyes of the dead  
while my baby gives me...  
you know...
