

# Nekromantix, Way Down To Hell

Wake up in the dark, dark night  
Fear is growing deep inside  
Though I know the way  
Still I am gonna pray  
Way down to hell

Demon teds and Nekroman  
Are hunting the Kling Klomg Klan  
Well, there is nothing wrong  
Still I'm rolling down  
Way down to hell

Everybody seems to want me back  
But I'm following my track  
Way down to hell

Shivering like falling gods  
Trying to stand against all odds  
Though I know the way  
Still I am gonna pray  
Way down to hell

Bleeding from wounded eye  
Seeing this I can't deny  
Well, there is nothing wrong  
Still I'm rolling down  
Way down to hell
