(Big Boy) 3x

Chorus:

I said give me two pair
(cause) I need two pair
(So I) can get to stomping in my Air Force Ones(big Boy)
Big Boy stomping in my Air Force Ones

Nelly:

I like the all white, high top, strapped with the gum bottom
There's some'n about dem, dirty that's why I got em'
I leave them strapped and lace- they come up out em'
The last person that touched em' I d*** near shot em'

Kyjuan:

Now if you look and see lime green Forces it's Kiwi
You couldn't get this color if you had a personal genie
You know I keeps it hip-hop my niggas flip-flop
Yeah my Force Ones in tip-top now form a flip-flops

Ali:

I like the limited edition, the khaki, and army green
Patent leather, pin stripes, you should see how I do the strings
Size 12 with the strap, red and white with a Cardinal cap
All flavors but it just depends on when and where I'm at

Murphy Lee:

Don't get me wrong man
Murphy Lee ain't dumb man
Cuz' if the shoe is on the shelf you should have some man
You cannot sit up and tell me that you have none man
You might not have three or four but you got one man

Chorus 2X

Murphy Lee:

We up in footlocker, I'm looking like I need those
10 1/2 and if you got em' give me two of those
I can tell she's never seen Murphy Lee befo
Cuz' she just standin there as if I'm shooting free throws
I said excuse me Miss I only wanna buy shoes
She said I love you Murph, especially in the white and blue
I said the white and blue, sounds nice, make it twice
Then I signed an autograph "Thanks for the advice"

Ali:

I keep it real dirty dirty you know how I do
Purple and gold with the Lakers, the Broncos, the orange and blue
I like floppy with ankle socks, lows, mids, and high tops
With the clear sole but it's Tims with fat laces when is cold
But when the winter go (brr) and the hot summer flow
Then it's back to the all-purpose with the lil' dots in the toe
Ain't nothing stopping this dough that I'm spending fo sho'
On those Nike Air Forces E behind the O

Kyjuan:

O.k. Lee, I treat my shoes like my ride
Chrome on the fat laces and the wood on the inside
Spray candy on the swoosh with electric roof plus
I put a kit on the sole now I gotta widder of shoe (Oohhh)
You see that low mid purple coop, I 'm driving nem'
(Kyjuan where you getting them colors, are you dying nem')
10 is my size, and no point in tieing 'em
Ain't no point of trying these on, they know I'm buying 'em

Nelly:

Now don't nothing get the hype on first sight like white on whites
Them 3 quarters, the lows, they all tight
The only problem they only good for one night
'Cuz once you scuff 'em you f*** up your whole night
What's my basis, the looks on store owners faces
This kid is outrageous, he buying 'em by the cases
'Cuz once I cop 'em I gut 'em and switch the laces
They all-purpose ya heard me kinda like my datons

Chorus 2X

Kyjuan:

I wore spurs at first but now i'm hatin em
(Damn when those come out) So I write the date on 'em
These Louie Vuitton Ones, you gotta wait on 'dem
I had to get them early so I spent mo' cake on them

Murphy Lee:

Look, I'm trying to keep it up like a one minute man
While Ali on the Kawasaki two head bands
Jewelry and all (you wilin') fish bowl in da mall
(I got some 15's) Security buying shoes and all

Nelly:

Listen, sometimes I get em' free n' sometimes I gotta pay
Walk in the mall and they know what I'm 'bout say
Gimme the black, and the platinum, and leather gray
The ones in the back and the pair you got on display

Ali:

Now when the boxes is where I keep mine (keep mine)
You should keep buyin (keep buyin)
Once or twice but never 3 times
I'm just a sneaker pro
I love Pumas and shell-toes
But can't nothing compare to a fresh, cripsy white pair of (yeah)

Chorus 2X
