

Nelson, Everywhere I Go

Matthew & Gunnar Nelson/Marc Tanner

Yesterday a sad goodbye

I told you that it wouldn't be for long

But it seems like a thousand years since I've been gone

Oh, what I'd give to hold you in my arms

Can't you see how much I need you tonight

I'm going crazy girl, can't get you off of my mind

Everyday that I live without you

I just can't help but dream about you

Everywhere I go

And after all the love that I've left behind me

You're the one I keep inside me

Everywhere I go... I get that feeling

It's hard to be so far apart

When thoughts of you keep coming on so strong

I picture you in every face I see

Now I know I left a part of me back home with you

There's nothing like falling for the very first time

I won't forget you girl, for the rest of my life

Everyday that I live without you

I just can't help but dream about you

Everywhere I go

And after all the love that I've left behind me

You're the one I keep inside me

Everywhere I go

I get that feeling

Everywhere I go

I get that feeling

You're with me

Everywhere I go

Everyday that I live without you

I just can't help but dream about you

Everywhere I go

And after all the love

That I've left behind me

You're the one I keep inside me

Everywhere I go

So when you're feeling lonely baby keep on shining

You'll always be here right beside me

Everywhere I go
