

Nelson, I Got A Feelin'

Well I've got a feeling
That I'm gonna get you
Say I've got a little feeling
That it won't be long
Till I hold you in my arms and, baby,
That's where you belong

Well I've got a feeling
That you think about me
Well I've got a little feeling
And I hope it's true
'cause nobody else could want you so
And love you like I do

Well I got a feeling
That our love was meant to be
And there's a whole wild world of happiness
Just waitin' for you and me
So why don't you tell me
That you love me only

'cause I got a feeling
That you really do
And I never had this feeling
Till I fell in love with you
