

# Nelson, Two Heads Are Better Than One

Well, I remember the sparks that flew  
In the summer of '79  
My brother went wild  
For a pretty girl's smile  
But he didn't care that she was mine

We fought each other  
Like never before  
And beat till we were black and blue  
And when we told her it was time  
She'd made up her mind  
She said, "i've had it with the both of you"

That was when the pact was made, uh  
No woman could sever  
We swore it brother for the rest of our lives  
We would stick together forever

Cause

Two (two) heads (heads) are better than one  
(woo hoo hoo)  
It's double the pleasure babe  
It's triple the fun  
I said  
Two (two) heads (heads) are better than one  
(better than one)  
It'll make you come undone  
Two heads are better than one

Well we found ourselves in vegas  
The city of sin  
We were restless and looking to play  
When this little blonde dolly  
In the hotel lobby  
Blew a kiss as she walked our way  
She said, "i'm feelin kind of lonely"  
And gave us a wink  
Feeling bold we expressed our intentions  
We said, "you gotta have both"  
She said, "that's a joke."  
&"it takes two, just to get my attention"

Both to share and share alike, uh  
That's a part of our lifestyle  
So I'm gonna tell you baby  
Just where we stand  
If you won't love us both

It ain't what's wild

Because

Two (two) heads (heads) are better than one  
(woo hoo hoo)  
It's double the pleasure  
Triple the fun  
I said  
Two (two) heads (heads) are better than one  
It'll make you come undone  
Two heads are better than one

We've come this far together

It's too late for turning back  
But it's only fair to warn you  
That when you rock with the boys  
You never come back  
(oh no)  
Hey!

Two (two) heads (heads) are better than one  
(woo hoo hoo)  
It's double the pleasure  
Triple the fun  
I'll tell ya  
Two (two) heads (heads) are better than one  
(better than one)  
It'll make you come undone  
Nothing's better than

Two (two) heads (heads) are better than one  
(woo hoo hoo)  
It's double the pleasure babe  
It's triple the fun  
Two heads  
Are better than one  
(better than one)  
It'll make you come undone

Two heads are better than one (one)  
Two heads are better than one (one)  
Two heads are better than one (one)

Whoa whoa whoa, baby  
Two heads are better than one (one)  
Two heads are better than one (one)  
Two heads are better than one (one)
