

# Nemesis 66, The Girl I Don't Even Know

On the first day of school  
When I looked down the hall I began to drool  
I walked up to meet you feeling like a fool  
But my cousin told me you were very cool

You don't even know that I exist  
But all I want to do is just give you a kiss  
And allow my mind to enter into bliss

You seem so close and yet so far away  
I want to see you smile, but I don't know what to say  
I'm going to ask you out but I guess I will delay  
Cause if you said no then I wouldn't be okay

You don't even know that I exist  
But all I want to do is just give you a kiss  
And allow my mind to enter into bliss

AJ and I write many songs  
About relationships and how we went wrong  
I guess it might not be long  
Before this becomes another damn song...

Of endless rejection  
And more discontention  
I just want affection from you  
Please don't break my heart in two
