

Nena, Hero

Hero

You might be a hero

You might be a star

You might be a hero

We don't know it so far

You might be a hero

You might be a star

You might be so beautiful

We don't know it so far

Please, don't come knock in at night

Never, gonna have you so tight

You might be a hero

You might be weak but a star

We don't know anything

Haven't seen you so far

You might be a hero

You might be weak

You could be anything

Never talk in your sleep

Please, don't come knock in at night

Never again, gonna have you so tight

You might be a hero

We don't know it so far

You might be beautiful

You could be a star
