Defined by everything we do  
Until we change to something new on the horizon  
I learned so much because of you  
And you're big part of the reason that I'm shining

We might be changing with the season  
That's alright  
As long as we keep dreaming  
That's alright  
Still nothing will compare to  
No, no nothing will compare to

Back when we, we were young  
We were young  
We were young  
We were young  
Back when we, we were young  
We were young  
We were young  
We were young

Sitting close at the table  
Wanting more but unable  
I was in love with you  
When we were young  
We were young  
We were young  
We were young

We treasure and uphold our memories  
Cause over time, we know that we might need them  
For that day when life is tough  
We let em play from start to end, and then repeat them

We might be changing with the season  
That's alright  
As long as we keep dreaming  
It's alright  
Still nothing will compare to  
No no nothing will compare to

Back when we, we were young  
We were young  
We were young  
We were young  
Back when we, we were young  
We were young  
We were young  
We were young

Sitting close at the table  
Wanting more but unable  
I was in love with you  
When we were young  
We were young  
We were young  
We were young  
Back when we, we were young  
We were young  
We were young  
We were young

Sitting close at the table  
Wanting more but unable

I was in love with you
