

Neon Jungle, Can't Stop the Love (ft. Snob Scilla)

When we turn on our TV
It hits us with heartache
And the side car we can't see
It's more bias, more hate
What legacy will we leave
For the ones that come after?

All I see in front of me
Unnatural disaster
But then I sing on, it only takes one smile
One smile to break through
And then after one, it only takes one hand
To reach out and help you

Nobody bullet, no gun can stop the love
Can stop the love
Nobody, no one can stop the love
Can stop the love

Can you feel it?
Can you feel it?
Can you feel it?
Can you feel it?
The love

We get taught the color of our skins
It's what we're defined by
It's too many kids are foreign
And for the bottom dollar they die

Nobody bullet, no gun can stop the love
Can stop the love
Nobody, no one can stop the love
Can stop the love

Can you feel it?
Can you feel it?
Can you feel it?
Can you feel it?

Said Mr. Officer, Officer
What's the quota for promising?
Supposed to be serving the people
But you're serving the dollar, sir
Undocumented killers, they knocking down the buildings
See, I ain't no ODB, meaning they not for the children
KKK, what's really going on
Ask yourself when you hear this song
Are we living in the nation as promoting segregation
Before you see my color you should see me as your brother
A strong black man with a proud white mother

But then I sing on, it only takes one smile
One smile to break through
And then after one, it only takes one hand
To reach out and help you

No bullet, no gun can stop the love
Can stop the love
Nobody, no one can stop the love
Can stop the love

Can you feel it?
Can you feel it?

Can you feel it?
Can you feel it?
The love

No bullet, no gun can stop the love
Can stop the love
Nobody, no one can stop the love
Can stop the love
