

Nephew, Speed Nation

Sometimes they die
sometimes they disappear
friends we deny
forever rest in fear forever gone

Matchbox delight
night Crazy Daisy lovers
sometimes they fight
somehow they keep on calling dad

Hey hey hey in their graves
hey hey hey in their graves

Speed nation - generation same
speed nation - generation same
it's my generation

We rode the roads
somewhere a flintstone stands for us
I could do loads
put down a valentine for you

Hey hey hey in their graves
hey hey hey in their graves

Speed nation - generation same
speed nation - generation same
it's my generation
