

# Nerf Herder, Jenna Bush Army

there's a new leader in the land,  
with a platform that i understand,  
i saw her face in the magazine,  
she looks hot in her tight jeans,

keep marching on...  
a soldier of love,  
jenna bush army,  
you can't stop her!  
jenna bush army,

she's got the brains and the looks that kill,  
want to see her butt on a ten dollar bill,  
ready your vote for her ballot box,  
you've got to admit it, she's a fox,

keep marching on,  
soldier of love,  
jenna bush army,  
you can't stop her!  
jenna bush army,

i don't care who blows up the world,  
i only care about that girl,  
men of america, storm the election,  
when in doubt follow your erection,  
call up your congressman and i say quote,  
&quot;sir i'm horny and i vote&quot;,  
come ye rally round the flag,  
if you don't like her you must be a fag!

jenna bush army,  
jenna bush army,  
jenna bush...
