

Nero, The Thrill

It's impossible to see
All the things we used to be
And it's impossible to say
Why I always feel this way
Yes I know it's up there
But I don't know if I can
Yes I know it's up there
But I don't know if I can
It's impossible to find
The feeling that we left behind
And it's impossible to stay
When you make me feel this way
Yes I know it's up there
But I don't know if I can
Yes I know it's up there
But I don't know if
I can Yes I know its up there
It was lost in the air
Yes I know it's up there
But I don't know if
I can Yes I know it's up there
But I don't know if I can
