

# Nesby Ann, Let The Rain Fall

When my soul was lost  
There was no one around  
But you were there for me  
When the rain came down  
Into every sunny day  
A little rain must fall  
And without the rain upon us  
Would we ever grow  
Like so many others I was too afraid of change  
'Til I put my trust in you  
You took away my pain  
I allowed my fears to take hold of me  
Had nowhere to run 'cause  
I was too deep  
Let the rain fall down on me  
Let the rain fall down on me  
Let the rain fall down on me  
Let the rain fall down on me  
Waited for a better day that seems so far away  
Even though my faith was shaky, you showed me the way  
I was searching for a way that I could make it through  
Figured out what I did wrong  
I didn't trust in you  
I allowed my fears to take hold of me  
Had nowhere to run 'cause  
I was too deep  
Let the rain fall down on me  
Let the rain fall down on me  
Let the rain fall down on me  
Let the rain fall down on me  
Doesn't really matter how hard the rain is gonna fall  
'Cause through any weather, there's someone I can call  
Storm clouds may rise  
Strong winds may blow  
You said you'd never leave me anywhere I go  
I allowed my fears to take hold of me  
Had nowhere to run 'cause  
I was too deep  
Let the rain fall down on me  
Let the rain fall down on me  
Let the rain fall down on me  
Let the rain fall down on me
