Can't take it back when I'm dead

And if I ever get happy
I can count on you to put me through your

Unnecessary violence
Your lies cut deep, you watch me bleed, oh
I'm dying for some silence
The words you speak are killing me violently

Is this the future waiting for me? (Waiting for me)
Another endless horror story (Horror story)
I know you like it sad and gorey
Do your worst, it's only words and

Unnecessary violence
Your lies cut deep, you watch me bleed, oh
I'm dying for some silence
The words you speak are killing me violently

Ooh, ooh
Ooh, ooh
