

Network, X-Ray Hamburger

(German talking throughout)

As they stare into our flesh
At the end of what comes next
Peering deep into the light
X-ray hamburgers tonight

Evolution of a race
In outer space

Running tests upon our scars
Bits and pieces of our hearts
Burnt so hot beneath the light
X-ray hamburgers tonight

Evolution of a race

In outer space

You're the change that had to come
As we stare into the sun
Pane of glass we can see through
X-ray hamburger is you
It's you
X-ray hamburger to go
It's you
X-ray hamburger to go
It's you
X-ray hamburger to go
It's you
X-ray hamburger to go
