

# Neurosis, Eye

Third seed throw down  
Visions of serpents  
Cut - life storm - drown  
Suffocated spirits  
Regression's avowed  
Torment's pawn  
Life bringing paradoxes  
Of mysteries that  
Teach - when our  
Lesion sees eye to  
Soul will reach  
Mindwars' rise  
Struggle of the  
Will for soul to  
Defeat the flight  
Song of broken wings

Seeking light blinds  
The eye to providence

Clean wall  
We are hidden  
Rats grow fat in our  
Holes of the past  
Transgressions' dawn  
Grim fate, abdicate  
Marching to slaughter  
Soul salvation?

Our destiny awaits  
Survival of our wrath  
The frigid apparition  
Waits silently transcendent  
Lifewar - arise - strength  
Of souls persistence  
Through defeat  
Flightsong of broken wings

Deep, deep shining  
Silver womb

Clean wall  
We are hidden
