

Neurosis, Self-Taught Infection

how can we be so blind?
once we had a world
untainted land to toil our lives
but then we...

[ch.]
lost control

of our greed and need
lost control
now what have we got?

our world's a disease
the germ is us
our minds have...

[ch.]

we taught our children
hate and love
we taught our children
to love, to hate

confined inside our minds
entangled in greed
we search for unity

[ch.]
