

Neurotica, Deadly Sin

I've seen the houses of the holy Felt the power of the mother church I've seen
the light from the one and only Touched the voodoo and I kicked the curse I've
felt the power of the power of the people in the palace of pain I've seen the
young men in the killing fields Been the victims of the politics of centuries
Will make damn sure it doesn't happen again
After the Fall Your not my teacher After the fall Your not my Leader

I am my own, Deadly Sin I've seen the Hale Bop comet I've seen the children of
the damned Military vultures stealing from another's land I've seen the Rock of
Ages rolling Like a freight train down the track I heard a white man singing
the blues Saw the leader of the pack
