

Never Heard Of It, Feb. 31st

why don't you tell me
how you feel about me
cause i think i feel
the same way about you
why dont we just get together
i wanna be with you forever
i've always loved you
ever since that first day that i met you

i love you
(i love you)
and i love you
(i love you)

we were the best of friends
but i want something more
i plan on telling you
everytime i show up at your door
i see the way you
look at me sometimes
and i fantasize
about you at night

and when i wake up it was just a dream
i feel so sad and so incomplete
you're like a car i can't afford
when i'm with you i'm never bored
the girl i couldn't have but knew
that i could spend my life with you

i love you
(i love you)
and i love you
(i love you)

believe you me
its you i see
i close me eyes
you're here with me
wake up sleeping next to you

and maybe if i had the time
and dreams came true
id be with you tonight
yeah, baby you will find
that i'm so in love with you

i love you
(i love you)
and i love you
(i love you)
