

# Never Heard Of It, Walkin' Alone

it's the way  
people always talk about you when you're not around its the way  
that i feel the second that i'm back in town  
i never promised a thing

i'm walkin' alone it's gotta be this way  
i haven't seen you in so long (so long so long)  
i know that you're home  
i think it's better when  
i can see you then i'm gone

and it feels like dying it's  
12 for you but it's 3 a.m. for me  
another missed call but i'm not running away  
believe me if i could i would stay

i'm walkin' alone it's gotta be this way  
i haven't seen you in so long (so long so long)  
i know that you're home  
i think it's better when  
i can see you then i'm gone

my perception is fading to blue  
yet direction is stuck on you  
you can't wait  
you keep on anticipating it's so irritating  
everything that i hate

this is so brand new  
i'm stuck on you  
it seems i'm lying  
i try not to try  
but the days go by so slow you're

walkin' alone its gotta be this way  
i haven't seen you in so long (so long so long)  
i know that you're home  
i think its better when  
i can see you then i'm gone

i'm walkin' alone it's gotta be this way  
i haven't seen you in so long (so long so long)  
i know that you're home  
i think it's better when  
i can see you then i'm gone

and i'm walkin' away from you  
maybe something way too soon  
and i'm walkin' away from you  
this is something so brand new
