

Never Shout Never, Simple Enough

If I was a sailor
I'd sail the seven seas
To tell you baby I dont want you to leave
You see this world is such a sad place
And without your pretty face
Im sure its gonna wind up much worse
And I know that youll see someday that I cant live without you
And I know what I say is true cause im still stuck on you girl
Im in love from the first time I laid my eyes on you
A-shoo-do-do-do-do-do
Theres nothing I can do
And Im in love from the first time I laid my lips on yours
Now youre walking out my door
And theres nothing I can do
And if I could explore the world
Id bring you along
Wed go from New York to Timbuktu
But truly I am set right here at Dennys
Drinking coffee and sharing a cigarette
And I know that youll see someday that I cant live without you
And I know what I say is true cause im so stuck on you girl
Im in love from the first time I laid my eyes on you
A-shoo-do-do-do-do-do
Theres nothing I can do
And Im in love from the first time I laid my lips on yours
Now youre walking out my door
And theres nothing I can do
Im in love with you
