

Neverstore, Hold On

I sing now for all of you
With no one to hold on to
For all the broken hearts out there
Waiting for someone to be near
Hold on
Hold on
For all the broken hearts out there
Long day, come home
Silent welcome, empty bedroom
Wake up alone, it haven't always been this way
Memory stuck from yesterday's
a cut left deep inside of me
This isn't who I wanna be
I sing now for all of you
With no one to hold on to
For all the broken hearts out there
Waiting for someone to be near
Hold on (hold on)
Hold on (hold on)
For all the broken hearts out there
One touch, one kiss
In dreams I wish
One word would mean the world to me
What are we truly aiming for?
I cover my eyes just to ignore
A cut left deep inside of me
This isn't who I wanna be
I sing now for all of you
With no one to hold on to
For all the broken hearts out there
Waiting for someone to be near
Hold on (hold on)
Hold on (hold on)
For all the broken hearts out there
Hold on (hold on)
Hold on (hold on)
I sing now for all of you
With no one to hold on to
For all the broken hearts out there
Waiting for someone to be near
Hold on (hold on)
Hold on (hold on)
For all the broken hearts out there
