

Neverstore, Nanana

Waking up on the bathroom floor
Try to stand and i grab the door
It's always the same procedure every sunday
Walking out, go way to far
don't remember where i parked my car
It's always the same procedure every sunday

If this is what life has to offer for me.
I might as well go back inside and fall asleep

Nanana....

Go to work and im late again
forgot my keys so i can't come in
It's always the same procedure every monday

Coming home to my empty place
watch tv as i count the days
It's always the same procedure every monday

It feels like my life
is stuck in repeat.
I might as well go back inside
and fall asleep

Nanana.....

I fall Asleep...

Nanana.....

Im far from the answer
to the question i forgot

I pretend i know it all but i know just what i know

Im far from the answer
to the question i forgot

I pretend i know it all but i know just what i know

If this is what life has to offer
for me i might as well go back inside
and fall asleep

Nanana...

I fall asleep...

Nanana...
