

New Edition, Voices That Care

Lonely fear lights up the sky
Can't help but wonder why
You're so far away

There, you have to take a stand

In someone else's land
Life can be so strange

I wish we never had to choose
To either win or lose,
That we could find a way

But I won't turn my back again,
Your honor I'll defend
So hurry home,
Till then

Stand tall
Stand proud
Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright

I'm not here to justify the cause
Or to count up all the loss
That's all been done before

I just can't let you feel alone
When there's so much love at home
We're sending out to you

And the courage that you've known
The bravery that you've shown
Clearly lights the way

We pray to make the future bright
To make the wrong things right

(rap):

Right or wrong, we're all praying you'll remain strong
That's why we're all here and singing along

Stand tall
Stand proud
Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright

And when you close your eyes tonight
Feel in our heart how our love burns bright

You are the voice,
You are the light

Stand tall
Stand proud
Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright

Stand tall
Stand proud
Voices that care are crying out loud
And when you close your eyes tonight
Feel in your heart how our love burns bright

You are the voice and the guiding light
Feel in your heart how our love burns bright
