

# New Found Glory, Intro

Don't believe a word,  
A word they say.

It's more than a T-shirt,  
It's more than a tattoo,  
It's more than a phase.  
This is how I was raised.

You keep trying to market this feeling.  
I heard what you said,  
And no were not the same,  
No were not the same.

You'll never be a part (of what we have),  
You'll never sing a song (that we love),  
You'll never get respect,  
And you cant fool us  
Cause we know what you are.  
Dont believe a word,  
A word they fucking say!
