

New Kids On The Block, Mrs. Right

Keepin' on..... Keep keepin' on....

[Rap:]

Yo, all I wanna do is like swing with you,
is like swing with you, just swing with you, yo baby,
all I wanna do is like swing with you, so come on girl and swing,
so we can do our thing!

All I wanna do is like swing with you,
is like swing with you, just swing with you, yo baby,
all I wanna do is like swing with you, is like swing with you, just swing!

Ooh, ooh, baby

Come on, sugar

Baby, baby, come on

May be a fool to let my heart control me

And my mind is telling me I'm crazy

Is she the one although she hardly knows me

Should I cut her off, for my own safety

Will it last forever?

I don't think so

Will we stay together?

I don't know

My friends say never

Let your heart control you

Is it for the better?

Tell me so

[Chorus:]

Are you really Mrs. Right

'Cause I can't make up my mind

Girl you are so fine, so fine

Baby let me know the deal,

'Cause I gotta know if it's for real

Say you will be mine, all mine

Are you really? [x4]

Where do I turn, I don't know which way

Will I ever learn from my own mistakes

If I play it smooth will Mrs. Right swing this way

Or will it lead to another heartache, baby

Will it last forever?

I don't think so

Will we stay together?

I don't know

My friends say never

Let your heart control you

Is it for the better?

Tell me so

[Chorus x2]

(I just can't fight it) I just can't fight it

(The way I feel) The way that I feel about you

(You've got to tell me) Tell me baby

(Are you for real?) Oh, baby

[Rap]

Chorus x3 and fade
