## New Kids On The Block, This One's For The Child

This is a very serious message so all of you please listen. There are some people living in this world They have no food to eat They have no place to go But we all are God's children We've got to learn to love one another Just remember, they could be us Remember, we all are brothers

I'm not trying to darken up your day But help others in need And show them there's a better way

This one's for the children
The children of the world
This one's for the children
May God keep them in His throne

Many people are happy
And many people are sad
Some people have many things
That others can only wish they had
So for the sake of the children
Show them love's the only way to go
'Cause they are tomorrow and people, they've got to know

I'm not trying to darken up your day But help others in need And show them there's a better way

This one's for the children
The children of the world
This one's for the children
May God keep them in His throne

This one's for the children The children of the world This one's for the children May God keep them in His throne
