

# New Order, Krafty

Some people get up at the break of day  
Gotta go to work before it gets too late  
Sitting in a car and driving down the road  
It ain't the way it has to be

But that's what you do to earn your daily wage  
That's the kind of world that we're living in today  
Isn't where you wanna be  
And isn't what you wanna do

Just give me one more day (one more day)  
Give me another night (just another night)  
I need a second chance (second chance)  
This time I'll get it right (This time I'll get it right)

I'll say it one last time (one last time)  
I've got to let you know (I've got to let you know)  
I've got to change your mind (I've got to change your mind)  
I'll never let you go

You've got to look at life the way it oughta be  
Looking at the stars from underneath the tree  
There's a world inside and a world out there  
With that on tv you just don't care

They've got violence, wars and killing too  
All shrunk down in a two-foot tube  
But out there the world is a beautiful place  
With mountains, lakes and the human race  
And this is where I wanna be  
And this is what I wanna do

Just give me one more day (one more day)  
Give me another night (just another night)  
I need a second chance (second chance)  
This time I'll get it right (This time I'll get it right)

I'll say it one last time (one last time)  
I've got to let you know (I've got to let you know)  
I've got to change your mind (change your mind)  
I'll never let you go

Just give me one more chance (one more chance)  
Give me another night (just another night)  
With just one more day (one more day)  
Maybe we'll get it right (You know I'll get it right)

I'll say it one last time (one last time)  
I've got to let you know (I've got to let you know)  
If I could change your mind (change your mind)  
I'll never let you go
