

New Order, Sooner Than You Think

Hello, everyone, it's nice to be here
I've come so far to see you all
I can see your deep blue eyes
They sleep beneath the open sky
Before you stands one like your brother
Swear to God he needs no other
But how can I afford to be
Here with you so carelessly
You know what you did was so unkind
You search for the life we need to find
There's right and there's wrong
And there's good and there's bad
And there's an answer to this I wish I had

Oh, you know what I mean, yes you do
Oh, you know what I mean, yes you do

Well we had a party in our hotel last night
It ended up in an awful fight
My friend left me and my heart too
I hope I don't end up like you

Oh, you know what I mean, yes you do
Oh, you know what I mean, yes you do

Your country is a wonderful place
It pales my England into disgrace
To buy a drink that is so much more reasonable
I think I'll go there when it gets seasonable
You know what you did was so unkind
You search for the life you need to find
There's right and there's wrong
And there's good and there's bad
And there's an answer to this I wish I had

Oh, you know what I mean, yes you do
Oh, you know what I mean, yes you do
