

New Scene, Tonight

Darkness, alone
Our hearts like stone
Children of love
There's hate enough
Seas of pain
We're losing again
Love and lust
In cities of dust

Tonight
Our love
Tonight
Tonight our love's forever

Dancing on glass
We're running too fast
To the end of the line
We're losing our mind
Our future is black
And we can't get back
To love and lust
In cities of dust

Tonight
Our love
Tonight
Tonight our love's forever

Tonight
Our love
Tonight
Tonight our love's forever
