

NewJeans, Super Shy

I'm super shy, super shy
But wait a minute while I make you mine, make you mine
Tteollineun jigeumdo, you're on my mind all the time
I wanna tell you but, I'm super shy, super shy
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
Tteollineun jigeumdo, you're on my mind all the time
I wanna tell you but I'm super shy, super shy

And I wanna go out with you
Where you wanna go? (Huh?)
Find a lil spot, just sit and talk
Looking pretty, follow me
Uri duri naranhi
Boiji? (Bwa)
Nae nuni (Heh)
Gapjagi, binnaji
When you say I'm your dream

You don't even know my name
Do ya?
You don't even know my name
Do ya-a?
Nugubodado

I'm super shy, super shy
But wait a minute while I make you mine, make you mine
Tteollineun jigeumdo, you're on my mind all the time
I wanna tell you but, I'm super shy, super shy
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
Tteollineun jigeumdo, you're on my mind all the time
I wanna tell you but I'm super shy, super shy

Na wollae maldo jalhago geureonde wae ireonji
I don't like that
Something odd about you
Yeah, you're special and you know it
You're the top, babe

I'm super shy, super shy
But wait a minute while I make you mine, make you mine
Tteollineun jigeumdo, you're on my mind all the time
I wanna tell you but, I'm super shy, super shy
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
Tteollineun jigeumdo, you're on my mind all the time
I wanna tell you but I'm super shy, super shy

You don't even know my name
Do ya?
You don't even know my name
Do ya-a?
Nugubodado
You don't even know my name
Do ya?
You don't even know my name
Do ya-a?
