Newton Faulkner, U.F.O

It was late one night a little while ago
I had nothing to drink, I don't think
Okay, well maybe a glass of wine
But nothing that would loosen my mind
To the point of seeing, what I'm seeing in the sky
Woah an alien being!
My mind can't make sense of what I'm seeing
It's beginning to take control
So I better watch out for the anal probe

We got
UFO, hello
UFO, hello
UFO, hello
UFO, hello

They come in peace, we stay in war
We like to get drunk and fight each other in bars
And all I'm trying to say, is if were to look
From the outside looking in
Where would you begin?

UFO, hello
UFO, hello
UFO, hello
UFO, hello

And I When I look into the sky and I see a strange light
Everything is all right, everything is all right
I When I look into the sky and I see a strange light
Everything is all right, everything is all right

UFO, (if you wanna take the time to say) hello
(I've been waiting in a field to say) UFO, (if you wanna take the time to say) "Hello"
(I've been waiting in line,) UFO, (if you wanna take the time to say) hello
(I've been waiting in a field to say) UFO, (if you wanna take the time to say) "Hello"
(I've been waiting in line,) UFO, (if you wanna take the time to say) hello
(I've been waiting in a field to say) UFO, (if you wanna take the time to say) "Hello"
I just wanna say "Hi"
