It ain't even like dat boo

Yeah, I know you just think
I want you to come over so I can hit the skins
Naaah, I just want you to lay back with me
Get real comfortable,
Get real cozy,
And just chill
So get ready

Ready, Set
For the moet
Put on some Next
Cause we're about to get real comfy and cozy

(Yo, T-Lo, tell her what I'm trying to say...)

So what's on your mind
Girl I can
See it in your eyes
You're thinking

But that's not why you're here tonight

Girl we can
Get it on

Have to take our clothes off
I'm not all about that boom boom
That zoom zoom
I just wanna chill and maybe settle down
