

# Next, Penetration

Ha, ha, Naughty

I can make ya go, Uh uhuh, na na na na

(Chorus)

I've got it, you wanted it all

I've got it, you need more

I've got it, if you want it all

Just come get it

I've got what you're looking for

I've got what you're waiting for

I know that you wanna come see me

Let me freak you down completely tonight

Come on and talk to me baby

Stop frontin cuz I know you wanna jump on it

I could show you things you never knew two people could do oh

If you let me come inside tonight

If you let me come inside

Girl, I guarantee to satisfy

I guarantee, I guarantee

Penetration, till the morning light

It's alright girl, I'll rock your world

And make you wish for the next night

Now here we go

I say I kick looking all rich

Like y'all picked six in lotto

Money and menage is your motto

We follow wiht bottles

Of Henney and Remy, the gang and Uncle Vinnie

Get plenty, more like Demi

Come and get me

Are we eye to eye and are we mouth to mouth

Cuz the way down town's a hop skip and a bounce

Ya see I'll penetrate ya inner space

After a winner date, dinner date

Ain't no way, no where, no place I'll spend a day

Penetration

(Chorus)

Uh, na na na na

Make ya say uh, uh, na na na na

Make ya say uh, uh, na na na na

Make ya say uh, uh, na na na na

The way you kiss it when it's thick

It's guaranteed I time it right

When big is you gonna feel it

From your ass to ever tight

You into bondage and ass smacks

You're rough boo

Yo style is why you tell me to cuff you

When I fuck you

The way you suck, oooh

Makes me always wanna touch you

And I don't pay for ass

The way I fuck I want a buck too

Who needs a swinger, the thug or a malinger, boo

You don't need a man, that's you and T-boz

With them fingers but, I ain't mad if you gone touch yourself

Cuz with this you ain't never got to fuck yourself

See, I'm your water man in you big cahona

You know when they saying packers run with a bullet

That ain't no rap list

Piling punanies, one frontwards, one backwards

On a broke ass mattress

Fix up and ask me how I like it hot

I go uh uh uh, menage-a-tois

Penetration

(Chorus)  
Some say I'm from rags to riches  
From snitches to fishes  
Who's the man?  
Shit I even got bitches after my bitches  
From bitch to butch, I'll fix the tooche  
With one look  
You be beggin the three leg nigga to push  
We had what four three hosematic who fought form pork  
He was an heir form dook he even ate pussy  
At the orgey from me  
After they boned us they rode us in two lex's and a Lotus  
Other bitches showed us  
All the zoota's and those E riches are bogus  
Penetration  
(Chorus)
