Next, Splash

(Intro)
Welcome into ecstasy baby
Oh yes, I got to know, can I
Splash, splash, splash
Baby I wanna jump and dive and splash in your love, yes
Can I splash in your love baby?

I used to be afraid of water 'till I got a lifejacket Now I always seem to find myself Laughing and splashing, oh yeah There's no waters that fall quite like yours How I love to swim your sticky shores Can I splash?

Can I take a dip, can I take a dip Inside your love, I just wanna swim, baby let me swim Let me come, I just wanna splash in your lake of love Can I take a dip, can I take a dip Inside your love, I just wanna swim, baby let me swim Let me come, I just wanna splash in your lake of love

Can I splash?

As I used to play across you chocolate beaches I would always vision your love canal Dreaming I could reach it, oh yeah yeah And as I wade in your waters of passionate cream I realized, it's not a dream I can finally splash, I don't have ask, no

Can I take a dip, can I take a dip Inside your love, I just wanna swim, baby let me swim Let me come, I just wanna splash in your lake of love Can I take a dip, can I take a dip Inside your love, I just wanna swim, baby let me swim Let me come, I just wanna splash in your lake of love

Ooh, let me dive inside your love Can I splash inside just once Let me go I'll make you come Oh, let me just feel it
