

# NEXX, Paralyzed

When you are next to me  
Such a guarantee  
But I must agree  
You make me paralyzed  
I never wanna any love affair  
You gave me more than just a pure attraction  
I think that this is something serious  
Please understand this unexpected reaction  
Everytime you touching me babe I don't know what to do  
When you are next to me  
Such a guarantee  
But I must agree  
You make me paralyzed  
Maybe we can dance  
All around romance  
Give me one more chance  
You make me paralyzed  
I can't imagine you with someone else  
Yeah I don't have you, what a situation  
I know this feeling makes me kind of sad  
A bit of love would be a sweet sensation  
Everytime you touching me babe I don't know what to do  
When you are next to me  
Such a guarantee  
But I must agree  
You make me paralyzed  
Maybe we can dance  
All around romance  
Give me one more chance  
You make me paralyzed  
The rythm makes me wanna move'ya  
I'm paralyzed  
The rythm makes me wanna move'ya  
I'm paralyzed  
The rythm makes me wanna move'ya  
I'm paralyzed  
When you are next to me  
Such a guarantee
