

NEXX, Paralyzed

When you are next to me
Such a guarantee
But I must agree
You make me paralyzed
I never wanna any love affair
You gave me more than just a pure attraction
I think that this is something serious
Please understand this unexpected reaction
Everytime you touching me babe I don't know what to do
When you are next to me
Such a guarantee
But I must agree
You make me paralyzed
Maybe we can dance
All around romance
Give me one more chance
You make me paralyzed
I can't imagine you with someone else
Yeah I don't have you, what a situation
I know this feeling makes me kind of sad
A bit of love would be a sweet sensation
Everytime you touching me babe I don't know what to do
When you are next to me
Such a guarantee
But I must agree
You make me paralyzed
Maybe we can dance
All around romance
Give me one more chance
You make me paralyzed
The rythm makes me wanna move'ya
I'm paralyzed
The rythm makes me wanna move'ya
I'm paralyzed
The rythm makes me wanna move'ya
I'm paralyzed
When you are next to me
Such a guarantee
But I must agree
You make me paralyzed
Maybe we can dance
All around romance
Give me one more chance
You make me paralyzed
