

Nicholis Louw, Rock That Body

Show me, baby, who you are
Do I, really, seem that far
Do you, feel the, burning fire
Feel my, senses, take you higher

Baby rock that body and show me how much you want me
And burn me with your fire baby
Rock that body and show me how much you need me
Or is it just a game
Tell me do you still love me or should I set you free
Rock that body and baby do it for me

Rock that body
Rock that body

Hold me, feel me, in your arms
Is it, still the, way it was
Do you, still think, Im from Mars
I will, take you, to the stars

Rock me body baby
Rock me baby
Rock me
