

Nick Carter, Summer!

Here I sit in my room
And I feel like I'm doomed
Cause it's snowing and cold outside
Winter sports are okay
But they don't make my day
And I hate being stuck inside

As I look at the calendar
6 more months
Man I feel like a prisoner,
C'mon!

Summer
Gonna go tubing
Summer
Morning after's worth cruising
Summer
Gotta get moving
In summer
Summer
Flying on a jet-ski
Summer
Flirting with the ladies
Summer
Well everybody's happy
In summer

Now it's spring at that's fine
But it's not the best time
Cause it's windy and raining out
Flying kites is okay
But I'd rather tan anyway
Under sunlight streaming up all around

As I look at the calendar
3 more months
Get set cause we are almost there
C'mon!

Summer
Gonna go tubing
Summer
Morning after's worth cruising
Summer
Gotta get moving
In summer
Summer
Flying on a jet-ski
Summer
Flirting with the ladies
Summer
Well everybody's happy
In summer

Keep finding waves
Scoping down below
Can't wait till spring
And now the months have flown
And time has slipped away
It is time to sing
Now it's

Summer
Gonna go tubing

Summer
Morning after's worth cruising
Summer
Gotta get moving
In summer
Summer
Flying on a jet-ski
Summer
Flirting with the ladies
Summer
Well everybody's happy
It's summer!
