Release the Bats
Whooooahh! Bite! Whooooah! Bite!
Release the bats! Release the bats!
Don't tell me that it doesn't hurt
a hundred fluttering in your skirt
don't tell me that it doesn't hurt

My baby is alright
she doesn't mind a bit of dirt
she says "horror vampire bat bite"
she says "horror vampire
How I wish those bats would bite"
Whooooah! Bite

Release the bats! Release the bats!
Pump them up and explode the things
Her legs are chafed by sticky wings
(sticky sticky little things)

My baby is a cool machine
she moves to the pace of her generator,
says damn that sex supreme
she says damn that horror bat
sex vampire, cool machine

Release the bats! Release the bats!
Release them!
