Nick Cave, The Ship Song

Come sail your ships around me And burn your bridges down We make a little history, baby Every time you come around

Come loose your dogs upon me And let your hair hang down You are a little mystery to me Every time you come around

We talk about it all night long
We define our moral ground
But when I crawl into your arms
Everything comes tumbling down

Come sail your ships around me And burn your bridges down We make a little history, baby Every time you come around

Your face has fallen sad now For you know the time is nigh When I must remove your wings And you, you must try to fly

Come sail your ships around me And burn your bridges down We make a little history, baby Every time you come around

Come loose your dogs upon me And let your hair hang down You are a little mystery to me Every time you come around
