

# Nick Kamen, Win Your Love

Whoa oh oh oh little girl  
How happy I would be  
If some miracle could win your love for me (2x)

Win your love for me (2x)  
wo oh oh oh oh oh oh win your love for me

Many's the day I've longed for you,  
to hold you in my arms  
Many's the night I've cried for you,  
for your many charms  
If you'd only come to me,  
my heart wouldn't be full of sorrow  
But not all I can do is hope and pray  
that you'll come to me tomorrow

## CHORUS

To me you are so beautiful, beautiful as a song  
and whenever I look at you,  
my heart beat like a tom-tom  
If you'd only come to me  
this torch I wouldn't have to carry  
and if everything goes right,  
to the church we will go to marry

## CHORUS
