

# Nick Lachey, Did I Ever Tell You

Did I ever tell you I'm better to have known you?  
I don't want to leave you with the shadow of a doubt  
Did I ever give you the strength you've given me?  
And how can I begin to make each moment mean the most so you will see  
I never loved you more then I do today  
Sometimes life just seems to get in the way

It's been too long  
I want to sit down and write for you a perfect love song  
I want to shout it out in a silent crowd  
I want to move you in a million ways  
I said to you everyday did I ever tell you I love you that way

And did I ever tell you I'm better to have known you  
I don't want to change you cause I proud of who you are  
And should you ever question the pain we are going through  
What I need to mention is that life just isn't living without you  
You know that I want you more than anything  
Sometimes I just forget to say what I mean

It's been too long  
I want to sit down and write for you a perfect love song  
I want to shout it out in a silent crowd  
I want to move you in a million ways  
I said to you everyday did I ever tell you I love you that way

I never loved you more than I do today  
Sometimes its crazy life just gets in the way

It's been too long  
I want to sit down and write for you a perfect love song  
I want to shout it out in a silent crowd  
I want to move you in a million ways  
I said to you everyday did I ever tell you I love you that way

It's been too long  
I want to sit down and write for you a perfect love song  
I want to shout it out in a silent crowd  
I want to move you in a million ways  
I said to you everyday did I ever tell you I love you  
Did I ever tell you I love you that way?
