

Nick Lachey, Where You Are

((Jessica))

There are times
I swear I know you're here
When I forget about my fears
Feelin' you my dear

Watchin' over me
My hope sees
What the future will bring
When you wrap me in your wings

And take me where you are
Where you and I will breathe together
Once again, we'll be dancin' in the moonlight
Just like we used to do
And you'll be smilin' back at me
Only then will I be free
When I can be, where you are

((Nick))

And I can see your face
Your kiss I still can taste
Not a memory erased

Oh, how I see your star
Shinin' down on me
And I'd do anything
If I could just, be right there where you are

((Both))

Where you and I will breathe together
Once again we'll be dancin' in the moonlight
Just like we used to do
And you'll be smilin' back at me (and you'll be smilin' back at me)

Only then will I be free
Then I will be free, so take me where you are

((Nick))

Now baby there are times when selfishly
I'm wishin' that you were here with me
So I can wipe the tears from your eyes and make you see (wipe your tears)
That every night while you are dreamin'
I'm here to guard you from afar

((Both))

And anytime I feel alone
I close my eyes and dream of where you are

(Where you are)

(Where you and I will breathe together) and we will be together baby
(Once again we'll be dancin' in the moonlight) and we'll be dancin' in the moonlight
(Just like we used to do)
And you'll be smilin back at me (and you'll be smilin back at me)

Only then will I be free
Then I will be free,

Baby I still believe
Oh I've got to believe
(I still believe)
I will touch you that sweet day (that sweet day)

That you take me there
(Where you are) where you are
I still believe
hoooooa, I've got to believe
(I still believe)
I will touch you that sweet day (that sweet day)

That you take me there
(Where you are) Where you are, oh where you are!
(I still believe)
Oh I've got to believe
(I still believe)
I'll always be waiting here

(That sweet day) that sweet day, yeah!

(I still believe.....I still believe....) Only one I'll be waiting HERE
