My feet are on the ground  
my hands pointed to the sky  
my eyes focusing on the clock as the time passes by  
I begin to wonder where you are  
I know you're out there  
and we'd make a perfect pair  
I wish you knew I care  
I wish I knew  
who you were (who you were, who you were, who you were)  
Our love would be  
so pure (so pure, so pure, so pure)  
I always think of you  
everynight (everynight, everynight, everynight)  
because baby without you  
there's no point in life  
so baby please tell me who you are  
cause I need you the most  
more than anything  
and without you I'm so empty  
and together we'd be neverending  
so baby don't let go (don't let go, don't let go, don't let go)  
because I need you so (need you so, need you so, need you so)  
I wonder where you are (where you are)  
I'd come in plane or car (plane or car)  
we'd travel all over the world (all over the world)  
you'll be my only girl (my only girl)  
if there was a chance in heaven (in heaven)  
I'd broadcast my messege on channel seven (channel seven)  
attention all radios  
sorry for disrupting your late talk shows (talk shows)  
there's only one more mission to do  
and that's to find a way to get to you  
I'd travel in rain, snow, heat, or hail  
and the outcome is for you to prevail  
I'd cross any desert, mountain, or ocean  
and that's where I'll find you  
I'm hoping  
so baby please tell me who you are cause I need you the most  
more than anything  
and without you I'm so empty  
and together we'd be neverending (neverending)  
so baby don't ever let go (don't let go, don't let go, don't let go)  
because i need you so (need you so, need you so, need you so)  
if there was only a way to let you know (let you know, let you know)  
you run through my heart  
just like how blood flows (like how blood flows, like how blood flows, like how blood flows, like how
