Everyone in this galaxy Just wants to see you twirl.

One step, two step, now walk it out.

Don't be shy baby,

And show em' what your all about.

No six seven eight nine girl your a ten.

Like late-breaking news on CNN.

Tap-tap-tap it like happy feet.

Rewind, stop, play, and hit repeat.

Oh

God.

This girl's a star. I'll build a rocketship,

Just to take me where you are.

Pass the skies,

I swear no lies.

You don't compete with these,

So when I'm with you, please.

Don't stop,

Won't stop

Gon' get it girl.

Everyone in this galaxy

Just wants to see you twirl.

And show em' what your all about.

The intergalactic with me.
